

NOTICE TO FAMILY MEMBERS OF THE SOCIAL CIRCLE CEMETERIES

During the difficult time of losing a family member, we want to memorialize them by placing trinkets and statues, benches, etc. We are diligently striving to keep Social Circle City Cemeteries clean. Placing such memorabilia on graves becomes a hazard for the grounds maintenance crew because some objects may become projectiles and can harm visitors as well as doing damage to surrounding head stones. The City of Social Circle is giving family members 30 days to please remove any objects that are not permitted in the cemetery per our ordinance. The City only allows one small flower vase per grave. If items are not removed by the family member within such time. The City will remove them and hold them for an additional 10 days. If no one claims these items, they will be disposed of. Please help us to maintain a beautiful cemetery. For Complete rules and regulations for the Municipal Cemetery, visit our website at www.socialcirclega.com. Search code of ordinances.
