**Important Message about Natural Gas Safety** ⚡ Natural gas, America's most popular home heating fuel, is increasingly popular for use by homeowners, schools, businesses, factories and electric power-generation plants because it is efficient, clean, reliable and a relative bargain compared to alternative energy sources. In our community, City of Social Circle provides natural gas to more than 1100 customers through a network of underground distribution lines. Main gas lines, typically 2-inch in diameter, branch into household service lines which are typically half-inch to three-quarter-inch in diameter and buried 12- to 18-inches below the surface.

To protect you and others in the community; federal and state government, along with your utility provider have made your safety a high priority. Any time you dig or move earth in any way, you are required to "Call Before You Dig" 48 hours before beginning any digging. When you call 811, they will contact utility owners who will locate all buried utility lines on your property, so you can safely dig and prevent a potentially hazardous condition. Failure to use the 811 system is a known cause of pipeline accidents. Calling before you dig can prevent a costly or even deadly mistake. For more information, see [www.Georgia811.com](http://www.Georgia811.com), [socialcirclega.gov](http://socialcirclega.gov) or call City Hall at 770-464-2380.

Natural gas is a colorless, odorless gas. A chemical that smells like rotten eggs is added to help detect a possible leak. Some of the signs of a gas leak include seeing bubbling water, hearing a hissing or blowing sound from a pipeline or appliance, dead or discolored vegetation in an otherwise green area, dirt or dust blowing from the ground, or the smell of rotten eggs. If you smell gas, or just think you might be smelling gas, leave the area immediately and call your local gas provider at 770-464-2380 or 911 from a neighboring home or business. Never turn on or off switches or use a flashlight or phone in the presence of the gas smell, because an electric spark could ignite the gas, causing an explosion. Do your part to familiarize yourself and your family with these natural gas safety tips and continue to enjoy the value, comfort and benefits of America's cleanest, most efficient energy source! This message is brought to you by City of Social Circle as a public service. To learn more about our natural gas service and the benefits of natural gas, call 678-758-4256.

### **Georgia Initiative for Community Housing (GICH) FAQ** ⚡

**What is GICH?** A program to assist Cities to use a grassroots strategic approach to meet their housing needs.

**Who created the GICH program?** The Georgia Department of Community Affairs, the Georgia Municipal Association, and the University of Georgia. It is funded primarily by Georgia Power.

**What will the Social Circle GICH steering committee be doing in the next 6 months?**

1. Public Education about opportunities available to homeowners under the Georgia Initiative for Community Housing program.
2. Neighborhood Cleanups by volunteers in partnership with residents to beautify areas, hear resident concerns, distribute smoke alarms, and introduce housing improvement resources.
3. Downtown Old Mill public input to build a community consensus on the type of development and rehabilitation desired and determine if this is an appropriate area for downtown housing. Creation of a vision and concept plan can be used to attract private investment on this project.
4. Plan a Social Circle recreation/community center with Walton County to be constructed on Fairplay Road within the next 6 years (County SPLOST project).

**How Can I Get Involved in the Social Circle GICH meetings, discussions and recommendations?**

Attend a GICH stakeholder meeting, held at 10 am, the second Tuesday of each month at the Social Circle City School Board Administration Building, Conference Room. This is a grass roots stakeholder group, all are welcome.

**Who do I contact for More Information or to Get Involved?** Barbara Schlageter, Assistant Clerk at 770-464-6905 Or Adele Schirmer, City Manager at 770-464-6901.
